

EARTH CARE TEAM

Our Mission is three-fold: LEARN, SHARE, LIVE

We are students of environmental stewardship and environmental justice.

We share our learnings with our church family and our community, faith-based and beyond.

We strive to be keepers of the earth and live by those values in acts and deeds.

We will educate ourselves and our congregation about environmental sustainability, how people are affected, and will support our “green” initiatives within our church.

We will work with other faith groups (Hope for Creation) to advance care for creation in our congregation and community.

Earth Care Congregations are congregations that have committed to the “Earth Care Pledge” and accomplished a specific number of actions toward caring for God’s earth in four categories: worship, education, facilities, and outreach.

**New Members are
always Welcome.**
