

HEARTS TO HANDS CARD MINISTRY

Hearts-to-Hands Card Ministry came about in 2007 when several church women realized that a card-making hobby could become a church ministry. Card-making is a great way to share fellowship, as well as practice and learn crafting skills.

Our ministry of caring within the life of the congregation is based on the thought that sending a handmade card to someone helps us share the love of Christ. Anyone in the congregation is welcome to use these cards in this way. This ministry has served groups including Deacons, Health Ministry, Congregational Life Committee, Christian Education, and others, as well as many individuals.

We gather monthly at the church to craft cards and we would love to have more crafters join us in this ministry. We have amassed an amazing stock of rubber stamps, donated new and used cards, and other materials. The only requirement to join is a desire to share your time and friendship. Please join us!
